

Peavey Park

Groundbreaking Celebration

Join us as we break ground at Peavey Park!

Please join Superintendent Jayne Miller and Commissioner Scott Vreeland from the Minneapolis Park and Recreation Board, along with your Peavey Park community, as we dig in on improvements to transform the park over the next year!

The first phase of improvements includes three new full basketball courts with lighting, fencing and paths around the courts. Next spring, a second phase includes a new, lighted multi-use field, new playground and central path through the park, plus grading and stormwater-management enhancements.

Many thanks to Ventura Village and Phillips West for their community and financial support of this project, which also includes funding from the 20-Year Neighborhood Park Plan.

Light refreshments will be provided.

We hope to see you there!
